|||Sylv||| 1. he doesn't have any cut/bruises on the wrist

|||Sylv||| 2. there's a long cut on his neck, even though he fell face-down

|||Sylv||| 3. his belongings are still left in the prof's office

Drama Mama eeks! why does it sound more like murder?

|||Sylv||| i dunno. this stuff has not been released and i doubt that it will. and i can't guarantee the truth of this

|||Sylv||| but i think it's just weird.. just weird.. news has been always against him..

|||Sylv||| don't you think so? i kinda feel that facts have been concealed here and there

♡vbErLiN♡ says news reports are always like this.. hide here abit and there abit.. Never will see the truth in it..

GishBoNe thinks sometimes, some things have always been covered up due to political reasons.

Drama Mama Sylv, you're in SG. Our media is censored even tho they always say it isn't.

|||Sylv||| well my friends have been saying that he's not a stupid person. emotional yes, stupid no. he's graduating soon.

lolokitty says *hugs* i feel v sad abt this incident. n yeah i know the sch wil cover up whatever happened.. it's really v sad we'll nv know the truth.

|||Sylv||| we indonesians have our ways 😊

 **|||Sylv|||** *thinks* it's also weird how assumptions became facts.. You know at first the news only said "it is believed", then the next news will

 **|||Sylv|||** omit that phrase and treat it as a fact already.

 **|||Sylv|||** but, oh well. may David (he's also called Ming-ming btw) rest in peace.

 **secretss** *says* mm.. what does the third point imply? i would have expected tt from the news article since i assumed he ran out to jump..

 **secretss** *says* unless it could be taken to imply he was actually *"running away from the prof"*?

 **|||Sylv|||** i dunno, maybe it implies that he left in a hurry?

 **|||Sylv|||** and that perhaps it's not planned? i dunno

 **Drama Mama** well, even if it was planned, i dun think ppl will bring their bag/wallet along when they kill themselves lor.

 **Drama Mama** what? bring supplies to the next world meh?

 **dk99** *says* But I thought got people see him standing at the edge or something with his wrist bleeding?

 **|||Sylv|||** **dk99** well, find the news article that said that

 **dk99** *says* But it doesn't make sense what. Why would they want to coverup?

 **|||Sylv|||** see the date of NTU open house 🙄

 **dk99** *says* www.straittimes.com/Breaking%2BNew... <-- he spotted Widjaja on the rooftop. 'He was bleeding from both arms

 **|||Sylv|||** i dunno, but that doesn't mean he slit his wrists rite?

 **dk99** *says* If there is anything suspicious, the police will investigate into his death.

 **|||Sylv|||** well, let's hope that they will, and let us know the truth. as for now, i'm having a big doubt because all the "it is believed"

 **|||Sylv|||** suddenly became "it is", without proof or anything. probably coz when everybody talks about it then it's true. u know. belief of crowd or sth

 **|||Sylv|||** coz actually, no one really knows exactly what happened.

 **dk99** *says* If there is something suspicious, the newspaper would report that the police is investigating into the case

 **dk99** says Since the newspaper didnt say that, that means nothing suspicious.

 **|||Sylv|||** police is investigating the case.

 **|||Sylv|||** haven't you ever wondered, who actually said that "he stabbed and he slit his own wrists" in the first place? i'm just curious.

 **dk99** says I think that you are thinking too much. Too much speculation with too much hear-say.

 **dk99** says We'll wait for the coroner's report.

 **|||Sylv|||** i'm just curious. coz i saw "it is believed" became "it is". i can't help it if i sense something wrong.

 **|||Sylv|||** it is up to ppl to believe in what they believe.

 **|||Sylv|||** we will see 😊 or looking at it now, we won't.
